Dear Parents,

This is with regard to your child who is identified with learning difficulties and has been referred to consult a clinical psychologist. As requested by most of the parents, the school has arranged to get your child assessed for Intelligence and Learning Disability from Spastics Society of Karnataka- Centre of Developmental Disabilities. Spastics has agreed to do the assessments via online.

The school is only a facilitator and will not be involved in further process. The whole procedure from getting your child registered, regarding payment of fees, reports, intervention and obtaining RCI certification, Spastics Society will be communicating directly with the parent of the child regarding all matters. Responsibility to fulfill all necessary procedures required by Spastics Society lies solely on the parent and is to be dealt between the parent and the Spastics Society directly.

Dear Parents/students,

Greetings!

The summer vacation has already started for all students of Grade LKG to PUC and their teachers from 21st Apr 2023 and the summer vacation ends on 4th June 2023 for students from UKG to XI and 31st May 2023 for students of grade X & PUC II. On the 5th of June 2023, everyone should report back to school with bundles of energy for a fresh learning trend. In the meantime, during these vacations, parents please ensure that your children revise the taught content before the vacations and also of previous academic year.

On behalf of the school, I thought of rolling out certain ideas for this long vacation!

- **Life Skills:**

  Please utilize this precious time on learning some important 'life skills' like swimming, singing, instrumental music, coding, robotics, chess, carom, loud reading & storytelling, mask making, magic, chanting of shlokas, cycling, walking, etc., etc. When life skills get habitualized, they not only give rejoice but also facilitates for a cheerful life in the years ahead!

- **Quality time with parents:**

  Parents need to spend sufficient time with their children and strengthen the family bondage. You can plan for a good family trip, exposure to the fundamental needs like water, food, shelter, good and non-polluted nature around us. Children can also be involved in the routine of regional purchases like buying vegetables, milk, grocery, stationary, house hold articles, etc., etc. They naturally get several demonstrations of live situations to learn a lot of negotiation skills.

- **Infilling confidence:**

  The 'length of life' is really unknown to the student's community. They should be authentically told 'not to pre-pone' their desires. Parents should sit with children on their dining table and elaborate their past experiences vs the present scenario of the raising competition. But building up an internal confidence of every child is possible with the kind & loving thoughts by parents.

- **Importance of health & time:**

  In the rat race like life of both students and their parents, healthy & timely food intake has become a rarity in the recent past. Indulge in habitualizing this good habit for the self and children. Doing school given home work / class work can wait. But un-timely junk food eating could be a very costly deal in the prospective days!

- **Identify one's strength & weakness:**

  Never ever compare two children. Each child is nature's marvel that is been created for doing a different kind of a task in an individualistic way. Nurture and allow every child to grow as per his / her potential. This summer vacation is the 'right time' for each one of you to identify the real strength and weakness in your child.

- **Positive disciplining:**

  Always work on children to strengthen their strength and weaken their weaknesses. Catch them 'right' for their positive disciplining. Coming 30 days could turn out one's life to be a 'golden opportunity' for setting a life time 'right goal'.

Right kind of exposure:

Expose children to a maximum number of situations by taking them to bank, post office, life insurance, park, zoo garden, temple, planetarium, right kind of films, hospital, railway station, airport, printing press, electrical office, to an industry, court, business malls, sightseeing places, etc., etc. Each visit works like a new opportunity for child's new learning!

From the 5th of June 2023, JAV & JPUC would roll out new exciting initiatives for your children (and also for staff) to equip them in novel domains of learning to unravel each one's potential converting into reality!

So, all the students should come running to school from 5th June 2023 with a fully rejuvenated energy & conviction to scale up their skills!

Let's join hands for better nurturing of our children!

"Every day, Every child, A leader"

With warm regards.

Dear Parents/Students,

This is to inform you that, as most of our PUC faculties are involved in Evaluation work assigned to them by PUC board, we are suspending PUC II classes for this week i.e. 10 Apr to 15 Apr 2023. As and when PUC faculties complete their assigned evaluation work and report back to school we will resume PUC classes. Information regarding the same will be shared with you accordingly.

With regards,

Prashant Muley
