Importance Of Co-Curricular Activities (CCA) In School

We are thrilled to welcome our students in this vibrant community of learners. As we embark on this exciting journey together.

At school we believe in nurturing not only the academic growth of our students but also their holistic development. We recognize the importance of co-curricular activities in shaping well-rounded individuals, and we are committed to providing a diverse range of opportunities for our students to explore their interests, discover their passions, and develop essential life skills

Our co-curricular program is designed to complement the academic curriculum and offers a variety of activities catering to different interests and talents. Whether our student is passionate about sports, arts, music, drama, community service, or leadership, there is something for everyone to engage in and enjoy.

HOWARD GARDNER'S THEORY OF MULTIPLE INTELLIGENCES

Through participation in co-curricular activities, students have the opportunity to

- Develop teamwork and leadership skill.
- Enhance creativity and innovation.
- Build confidence and self-esteem.
- Foster a sense of belonging and camaraderie.
- Cultivate a passion for lifelong learning.

We encourage parents to actively support and engage with their children in their co-curricular pursuits. Your involvement and encouragement play a crucial role in your child's overall development and success

Together, we can create a supportive and enriching environment where every child can thrive and reach their full potential.

House System

The effective management of a school depends upon the quality of functioning of the House system. The primary goals of a house system are to promote a sense of belonging, encourage teamwork and leadership skills, and enhance the overall school spirit. It also provides opportunities for students to engage in activities outside of the regular curriculum and develop friendships across different grade levels.

A House consists of group of children effectively led by responsible teacher (House Master) who acts as a parent, guide, philosopher and friend for every member of the House. A House inherently provides a family atmosphere in making the child physically fit, socially adjusted, emotionally balanced, and morally upright. The four houses are named as follows

KRISHNA

GANGA
