From Principal's Desk:

The Beginning of the year 2023 with a difference...!

Jindal Vidya Mandir, Kalmeshwar hosted the prestigious JSW Science Conclave in its premises and welcomed the beginning of the year 2023 with gusto.

The mega event was a platform for participants from various CBSE, State board schools, colleges and independent entities who presented their innovative ideas on the theme Sustainable Development Goals. We are thankful to JSW foundation, JSWSCPL, Nehru Science Centre Mumbai and the fraternity of Engineers and Educators from renowned institutions in Nagpur for their support in making the conclave a grand success.

Another feather in JVM's glory added up when one of our students represented the school in the National Science Congress Exhibition. Congratulations to Ms Saniya Bambal for this wonderful recognition. We owe the success of the school to all our students, staff and parents who relentlessly contribute to all the events undertaken by the school. The school's annual day celebration based on the theme Atulya Bharat is indeed an anecdote from the success stories of the institution. The annual day gave a platform to Students to plan and execute the entire program on and off the stage with great confidence and collaboration is a testament to the visionary statement "Every Day Every Child A Leader"!

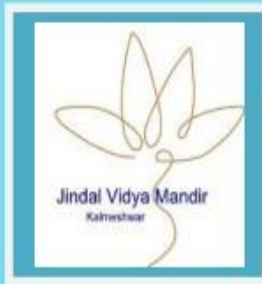

The year end review of the school by the honourable JET head provided a platform for all the stakeholders to connect, collaborate and create opportunities for the welfare of the students. We are thankful for the initiatives of JET.

On one hand, the inclusion of G-20 Summit, the display of solidarity and oneness through the well synchronised March Past by the JVM students added to the celebrations of the National festival during the 74th Republic day, while on another hand, the Basant Panchami celebrations added to the spiritual and moral facets of the students lives.

The grade X students sought blessings from Goddesses Saraswati for a bright future ahead. We strive to give best and yield best for our children and this journey of nurturing students will continue with uncompromised commitment towards the Nation.

Jai hind!

My School in Action

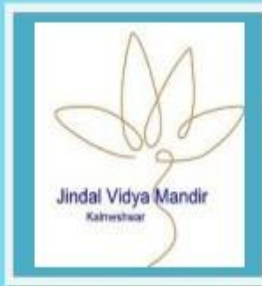

The Biennial JSW Science Conclave 2023 :

ABOUT 186 sciencemodels developed by students from various schools affiliated to State Board, Central Board of Secondary Education (CBSE) and others were witnessed at the two day Science Conclave organised by JSW Foundation and Jindal Vida Mandir. It was organised in association with Nehru Science Centre, Mumbai and Raman Science Centre, Nagpur. Industrial Training Institute (ITI), Polytechnic and Engineering colleges, etc. extended their support to the conclave.

Umesh Kumar Rustagi, Director, Nehru Science Centre Mumbai, a unit of NCSM, Ministry of Culture, Government of India, inaugurated the science exhibition in presence of Ashwini Saxena, CEO of ISW Foundation, Bhupinder Khera, JSW Steel Coated Head, Dr Kishore Malviya, President, CII Vidarbha Zone, Confederation of Indian Industries Vidarbha zone, Rajesh Jain, Plant Head, JSWSCPL.

Dr. Prakash Agrawal, Director Vidarbha Industries Association, Nagpur felicitated the winners with cash prize, mementos and certificates.

On behalf of the School Management Committee, Principal Pallavi Chakkilala extended gratitude and appreciated the efforts of the programme coordinators Prashant Kalshetti CSR Head JSWE KLM, and Geetanjali Tarte along with the organising committee team from JVM, JSWSCPL and JSWE.

Atulya Bharat : The Annual Day Celebration...

Schools host Annual Concert at the end of each academic year; the children perform on inspirational & powerful themes which encourage self-reflection and stimulate their thought processes. The teachers and the students equally worked hard to make this event a grand one by preparing for weeks on end.

Jindal Vidya Mandir celebrated the Annual Concert on 8th January 2023. It was a glorious day for the school as it compelled all the teachers and students to a resplendent pageantry of music and dance in a culmination of a year-long journey of discovery.

The celebration of Annual Day is a platform for students to showcase their talents and urges the teachers to put in their best. It is an occasion that the children get a chance to step on to the stage and conquer their fear of speaking or performing in front of a large audience.

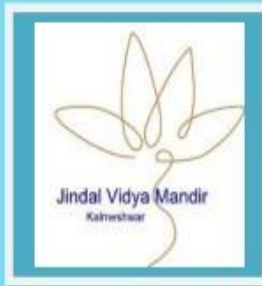

From an academic point of view the school annual day celebration is the best way to present our culture to the students.

These opportunities enable them to recognize their talent, their skills, instill positive values and make learning, fun.

Mr. Rajesh Jain, Plant Head, JSW Steel Coated Product Ltd. Kalmeshwar and Mrs Aashu Jain, President, Akansha Ladies Club graced as Chief Guests for the occasion. The show began with the students of Grade Nursery - Grade IX performing beautifully on stage on the theme 'Atulya Bharat'. The School's Annual Report was read by the Principal where the students' achievements were highlighted followed by the presentation and performances of students in a most colorful sight of costumes and various props.

The entire show was coordinated by the team of Core committee members involving teachers: Mrs. Chetna. Joseph, Mrs. Priyanka Wasnik, Mrs. Harsha Gotmare, Mrs. Prachi Gaharwar and Mrs. Kalyani Boratwar; Mrs Chetna Joseph and Mrs Harsha Gotmare were the main coordinators. They worked under the valued guidance of the Principal. Ms. Pallavi Chakkilala.

The entire show had the audience enthralled with the riveting performances of the students. The young Jindalites were greatly appreciated by the Principal and the Chief Guest for their wonderful and awe-inspiring performance.

School Social Responsibility: Anti Nylon Manja Oath

Kite flying is a tradition during Makar Sankranti and other cultural festivals where kites, usually made from light weight paper and bamboo, are flown and people engage in competition to 'cut' down other kites. The strings often contain abrasives like glass powder, for easily cutting the string of the opponent's kite; the density of kites and strings becomes dangerous for birds — the skies become a death trap. The most common victims are pigeons and kites, which frequent in the heavily populated areas. Many other species, like parrots and endangered vultures, are also at risk. After identifying and realising the issue; the students of Jindal Vidya Mandir, Kalmeshwar have taken following oath.

'We will not use nylon manja (string) to fly kite; We know that use of Nylon thread is banned, We will not break the rule by purchasing or selling it. We are bound to inform nearest police station if someone is engaged in this type of activity. We will raise awareness about the harmful effects of nylon thread for kite flying. We consider this as our National duty.'

Principal Pallavi Chakkilala appreciated the initiative taken by the students.

Makar Sankranti : Kite Making Activity

Makar Sankranti is a Hindu festival celebrated all over India in a variety of ways on the 14th day of January. The day marks the end of the month with the winter solstice and the start of longer days. The young learners of Jindal Vidya Mandir have marked this day by celebrating it with more enthusiasm and zeal. They were completely absorbed in the festive spirit. Students actively participated in the assembly where the oath was taken by them for a safe celebration. They also participated in the kite making activity and made beautiful kites with a noble message of 'Stop using Nylon Manja.'

Through this celebration, students floated a message of the harmful effects of the usage of Nylon Manja. The school Principal, Ms. Pallavi Chakkilala extended her warm wishes to everyone and encouraged everyone to value their history, traditions and culture and to be safe.

International Award for Young People (IAYP) :

Adding flavour to life.....!

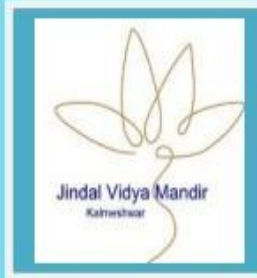

In this everchanging and fast moving world, we hardly had enough time to invest on delicacies every day. Keeping in view the everyday requirement of nutrition in the adolescents and the availability of the ingredients nearby, the students decided to learn the art of cooking low cost nutritional recipes .

Under the Skill building field of IAYP [International Award for Young People India] the students tried their hand in making traditional Maharashtrian Cuisines under the guidance of Ms. Jyotsna Randhir.

They prepared Soaked Bengal Gram Chutney, Koshimbir, Papad chutney with the use of seasonal and locally available ingredients.

Students also shared the nutritional value of the recipes. Students got motivated to explore and learn the quick and nutritional recipes. Magic is something you make.

Awareness Session on Good and Bad Touch: Safety & Wellbeing..

Touch is nurturing, in other words, loving, kind and wanted by the child; touch plays a key role in a child's healthy development. Nurturing physical touch promotes development of young children's physiological systems involved in regulating emotions and stress responses. It is important for early Adolescents to identify the nurturing touch and a touch which makes them uncomfortable.

An awareness session for middle school students was conducted to educate them about the types of touch through a demonstration. Further, the students were guided about the measures they can take, if they/anyone experiences any form of 'a bad touch'. Students of grade VI and VII shared their most trusted people in their lives with whom they could share their feelings. The session was conducted by Ms. Deepa Nigam to comply with the adolescent education program envisioned by the CBSE.

G20 Special Assembly: A National Pride..

*BIG
JOURNEYS
BEGIN
WITH
SMALL
STEPS*

Aim: To enable students to develop global perspective and understanding position and role of India .

Values : Compassion and Mutual Cooperation .

To celebrate the occasion of India leading as G20 Presidency for the first time, the children should be educated about G20 and India's Presidency in this multilateral forum.

Students of grade IX presented assembly based on G20 literature provided by CBSE. To make the students aware of importance of G20 Presidency. Collectively, the G20 accounts for 85% of Global GDP, 75% of International Trade and Two-Thirds of the World population making it the premier forum for International Economic Cooperation. The theme of India's G20 Presidency - "Vasudhaiva Kutumbakam" or "One Earth One Family One Future" - .

A globe and arc model prepared by JVM teacher referred and highlighted the G20's understanding; referring to the world .

Special Educational Needs : Service and Servitude..

The Centre of Excellence at JVM Kalmeshwar facilitated the enrollment of teachers for the training/workshop on "Teaching Phonics to Children with Special Needs" conducted by Eblity, a Non Profit Organization.

Every alternate day, a video was shared with the teachers on origins of difficulties in reading and pillars of phonics teaching, so the facilitator can handhold the children struggling with reading and writing difficulties.

These videos could aid in awareness and skill development.

The prominent takeaways:

- 1) Unique challenges faced by children with phonological difficulties.
- 2) Manifestation of reading and spelling challenges faced by children.
- 3) Strategies to support children with challenges in reading.

A total of 36 teachers enrolled for the above program.

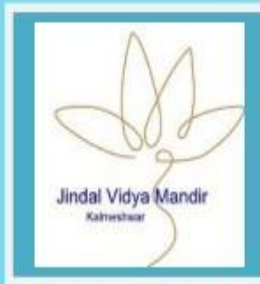

Career guidance & Counselling :

The biggest question for students and parents is "What's next after grade X examination?"

Under the flagship of JET, Jindal Vidya Mandir introduced to its students the platform of the Mindler career guidance program.

Online Career Assessment Test for students of Grade VIII to X was conducted to explore understanding on components like Interest, Aptitude, Personality, Orientation Style and Emotional Quotient which acts as a guiding point for students in making a scientific and accurate field choice for career success.

Under the Guidance of Principal Mrs. Pallavi Chakkilala, the programme is coordinated and implemented by Ms. Deepa Nigam.

International Career & College Counselling (IC3) Regional Forum

The International Career & College Counselling (IC3) aims to enable schools to help their students make best-fit higher education and career decisions. It aims to bring counselling in every school. Career and College Counselling is important for student's development and is highly dynamic due to constant changes in careers and evolving program choices in the rapid changing world. Ms. Deepa Nigam attended the IC3 Regional Forum, on 21st January, 2023.

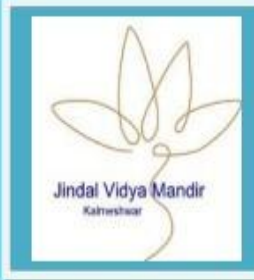

CBSE Workshop on Integrated Payment System (IPS)

Central Board of Secondary Education (CBSE) is setting the tone for payment related digital governance in the post-pandemic world by developing a reliable payment mechanism for the management and disbursement of various payments through the Integrated Payment System (IPS). IPS has digitally transformed a previously manual and time consuming system into efficient & streamlined system to further expedite the payments for exam duties, honorarium, TA/DA etc. in timely manner.

Principal Ms. Pallavi Chakkilala along with Computer Teacher attended one hour session on IPS. During session resource person discussed about limitations and errors of earlier payment system, Overview of Online IPS for Practicals and external examiners of Exam Centre, Board Exam, for Affiliation, SPOT Evaluation etc. A quiz was organised to check the learning; wherein, JVM Principal secured the 2nd position among the 68 members.

पालकांनो मुलांना नाही म्हणायला शिका...

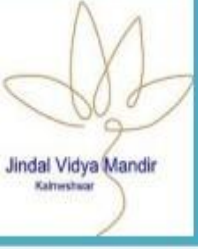

प्रत्येक पालक आपल्या मुलांमध्ये आपली छवी बघण्याचा प्रयत्न करतात. स्वतःला जे मिळाले नाही ते सर्व आपल्या मुलांना देण्याचा प्रयत्न करतात. मुलांची प्रत्येक गोष्ट पूर्ण करण्याचा प्रयत्न असतो. पण मला प्रत्येक पालकांना आवर्जून असे सांगावेसे वाटते की, त्यांच्या प्रत्येक मागण्या पूर्ण करण्याचा प्रयत्न करू नका. काही पालक त्यांच्या मागण्यांना नाही म्हणत नाही. कालांतराने त्यांना नाही हा शब्द ऐकण्याची सवयच राहत नाही व पुढे ही मुले आक्रमक बनतात. दुसऱ्याचे अनुकरण करणे ही नैसर्गिक मानसिक प्रक्रिया आहे. यात पालकांनी किती सहभाग घ्यावा हा ज्याचा त्याचा वैयक्तिक प्रश्न आहे. कौतुकाने मुलांचे हट्ट पुरवावेत याचीही मर्यादा असते. अनेकदा पालक स्वतःचा कमीपणा झाकण्यासाठी मुलांचे हट्ट पुरवत असतात. एखादी महागडी वस्तू त्याला घेऊन दिली म्हणजे आपल्या मुलांवर खूप प्रेम आहे हा गैरसमज आहे. मुलांना योग्य वेळी पैशाचे महत्व ही समजले पाहिजे. त्यासाठी संस्कार महत्त्वाचे आहेत आणि आता याच संस्कारांची कुठेतरी कमतरता जाणवत आहे. मुलाने एखाद्या गोष्टीची मागणी केली की, ती खरोखरच त्याला किती कामाची आहे? याचा विचार त्याला अगोदर करायला सांगून खरच त्या गोष्टीची गरज आहे का हा ही विचार करण्यास त्याला भाग पाडावे.

आजकाल आपण वर्तमानपत्रांमध्ये वाचत असतो की छोट्या छोट्या गोष्टी ही त्यांच्या मनाप्रमाणे झाल्या नाही की त्यांना निराश्रय येते म्हणजेच त्यांना आपण कुठेतरी कमी पडलो आपली मागणी पूर्ण केली नाही हे सहन करण्याची शक्ती त्यांच्यात नसते त्या भावनेच्या भरात ते कोणतेही पाऊल उचलतात. आणि त्या मागचे कारण अगदी क्षुल्लक असते. आताच्या पिढीला परिश्रम करण्याची सवय नाही किंवा त्यांच्यामध्ये धीर नावाच्या शब्दाची उणीव आहे. यातूनच डिप्रेशन नावाच्या शब्दाची निर्मिती झालेली आहे. आम्ही हमखासपणे डिप्रेशन मध्ये गेलो किंवा डिप्रेशन मध्ये आहे. हा शब्द सारखा सारखा कानावर येऊ लागलेला आहे.

माझी पालकांना अशी विनंती आहे की, आपण वरील सर्व गोष्टींवर विचार करावा ही आग्रहाची विनंती.....
