From Principal's Desk:

Dear All,
Greetings!

At the outset, I would like to congratulate the newly installed school cabinet and extend best wishes to the student's council for the leadership journey ahead.

The tenets of leadership majorly include collaboration, team work, critical thinking, problems solving and decision making. Through the platform of the school's council, the students naturally experience and build these qualities as emerging young leaders.

As the saying goes, leaders are not always born, they are created. We believe and act to make this quote actionable, achievable and look forward to see our students growing as strong and capable leaders.

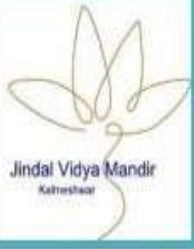

In a row, Congratulations to the ECCE department for hosting the very first inter class fancy day competition to encourage the conceptual learning of seasons and the required adaptations among the children. The student's council added to its success further through their active involvement.

Commendable support received from the parents in providing the students the very first stage experience of their lives. Such a fruitful partnership among the school staff and parents will not just make the schooling joyful but also shape the overall personality of the children.

At JVM, we would like to solicit such efforts day in day out for the cause of education and overall development of the students.

As a concluding remark, I would like to reiterate, let's continue the good work and achieve the central theme chosen by JVM as "Sustainable Development Goals" through all the future endeavors.

Take care!
Pallavi Chakkilala
Principal

*"Play way gives children
a chance to practice
what they are learning."*

Mathematics is a journey into wilderness where explorers often get lost and we see it evident through these pics wherein our students of Class 6th B dived deep into the wilderness of knowing "whole numbers" in a fun and engaging manner

Role-play helps in the development of the basic conversational, linguistic and creative skills for children. Children also learn social skills by collaborating with others in the team while role playing. To experience the same, the students of Grade VII A and B participated in the Role play and showed the dramatization of their textual English Chapter: 1 The Three Questions. They were divided into two teams consisting of 31 students from each section A and B respectively. Students took on assigned roles or characters and enacted those roles through a scripted play. Each one of the groups used props to make their act presentable thereby showcasing their creativity as well. The role play activity, an experiential learning method, well highlighted the fact that Students' gain additional meaning from the context of role playing rather than from context specific book learning and lectures.

Experiments don't fail, they just give different results.

The students understand that they share their natural surroundings with many other animals and will be able to identify them, who are alike and called as mammals.

In Group of four, Children collected pictures of various animals with their young ones. In order to learn more about different mammal's children themselves searched for the animals who give birth to young ones and feed them with their milk. Children divided each other with one mammal and it's young one stickers to paste on the collage. partners were made in the group one brought the mammal and other brought its young one's sticker. Also some Children made stickers by drawing mammals and their young ones by their own.

“Newspapers are tutors as well as informers.”

Newspaper reading activity: With the view that A good newspaper is a nation talking to itself, the students were urged and educated about the importance of newspaper reading. The activity was conducted from class I to VIII, by giving them single sheets of English newspaper and were asked to read out the headlines and national news loudly in front of the class one by one. They were also asked to create substitute headlines of the news given in the sheets. Students were also educated about the Press Trust of India and demarcations in a newspaper sheet like byline, jump line, headline, masthead etc.

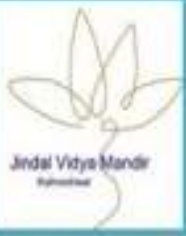

The harder the battle, the more grand the victory.

Special Assembly: Kargil Diwas

Remembering Heroes, Forever in our Hearts, Kargil's Glory Never Departs.

Jindal Vidya Mandir celebrated Kargil Vijay Diwas or Kargil Victory Day, which is a tribute by India on July 26, commemorating the Armed Forces' triumph over Pakistan in the Kargil War. The day celebrates and honors our brave soldiers and their victory. To honor their sacrifices and renew our dedication to a robust and protected nation, the students of Grade III demonstrated their patriotism by presenting a special assembly wherein a speech was delivered and a Sanskrit song was sung in order to instill a sense of patriotism in the students

Monsoon Day Celebration

A fancy dress competition was organised for ECCE students on the theme of Monsoon Day in the school premises on 28th July 2023. It aimed to celebrate the beauty and significance of the Monsoon Season. The students were encouraged to dress up as various monsoon-related characters, elements, allowing them to showcase their creativity and imagination. 32 students participated in the competition and dressed themselves as raindrops, umbrellas, clouds, corn and raincoat, etc. Each outfit was a testament to their creativity. The grade IX council members judged on the basis of presentation, confidence and costume. All the participants showcased their versatility with the help of different props, poems and briefs about monsoon season. They experienced the importance of practice, expression and presentation. The preschoolers recited poems and danced to greet and enjoy the rainy season/Blue Day. To improve their eye hand coordination and fine motor skills, an umbrella making activity was conducted. They won our hearts with their exuberance and enthusiasm! Principal Ms.C.Pallavi appreciated ECCE Incharge (Ms. Deepa Nigam), teachers and students' for their contribution.

WHISPERS OF TRANSFORMATION

*Walking through the lanes
Wandering around the mines
I could see the changes
For the sake of humanoid's
Warmth replace the calmness
And the sun gleam bright
Nights flatter short
For the people to reveal their might
When a day dreaming child
Upsurge to shape his life
His intellect forget comfort
To exist brave and wild
Changes are in nature
For the existence of every creature
Leading to adapt
Every desire for an armature
Cease condemning swap
And stand still at every slap
Cause this is the only stance
To triumph life's trap*

मानवी जीवनात झाडाचे स्थान...

वृक्षवल्ली आम्हा सोयरे वनचरे,
पक्षीही सुस्वरे आळविती..

संत तुकारामांनी मानवाचे झाडाशी असलेले नाते वरील ओळींमध्ये सांगितलेले आहे. जुन, जुलै महिना आला की सर्व सामाजिक संस्था, एन.जी.ओ वनविभाग हे वृक्षारोपण करण्याच्या कामात लागलेली असतात. लाखोच्या संख्येने आपण वृक्ष लावत असतो पण त्यापैकी ते किती जगतात याकडे कोणाचे लक्ष असते का ? अहो झाडे आहेत म्हणून मानवी जीवन आहे. झाडांपासून आपल्याला किती प्रमाणात ऑक्सिजन मिळतो हे मी तुम्हाला थोडे समजवण्याचा प्रयत्न करत आहे.

एक व्यक्ती २४ तासात २७ हजार वेळा श्वासोच्छ्वास घेतो. त्यासाठी त्याला दररोज ३किलो ऑक्सिजनची गरज भासते.ती गरज पुर्ण करण्यासाठी

७ मोठ्या वृक्षांची गरज असते.

३ किलो ऑक्सिजनची बाजारातील किंमत वर्तमान बाजारभावानुसार २१०० /- रु आहे.

जर एक व्यक्ती आपले आयुष्य ६५ वर्षे जगला तर तो या निसर्गातून ५ कोटी रुपयाचा ऑक्सिजन मोफत वापरतो.

मोबदल्यात स्वतःच्या श्वासोच्छ्वासा साठी लागणारे

७ झाडे सुध्दा लावत नाहीत, उलट

मृत्यूनंतर अग्निसंस्कारासाठी लागणाऱ्या

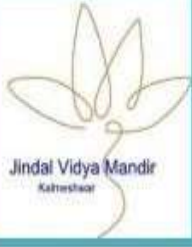

९ मण (३६० किलो) लाकडासाठी एका मोठ्या वृक्षाचा बळी दिला जातो. विचार करा जेवढी आपली आयुष्यातील एकूण मिळकत नसते तेवढ्या कोटी रुपयाचा ऑक्सिजन आपण निसर्गातून मोफत वापरतो पण त्याची परतफेड आपण कधीच करीत नाही, पाण्याचा हिशोब केला तर तो सुध्दा एवढाच येतो.

परतफेड करायला शिका. झाडे लावा झाडे जगवा. पाणी वाचवा पाणी अडवा, पाणी जिरवा. तुम्ही जगा आणि पुढच्या पिढ्यांना पण जगू द्या.

चला तर मग आपण झाडे लावूया.....

Art of Living...

*From learning the art of Living
To learning the art of leaving
I tumble down to rise above
What holds me is the support and love
Let me be unknown, would never mind
Don't tarnish me that's all I request, just be kind
I prefer to not to shout and scream,
Doesn't mean you consider me weak and sad to brim,
Sometimes I hide myself underneath
Burdened by the questions lying beneath
I might ignore your words and praises
Don't catch me or correct me within your phrases
I long for nothing yet want to earn everything
I ask for nothing
Let me be mine and mine forever
For I was never meant to be yours ever
I was never born to be of anybody's ever*
