From Principal's Desk:

Dear All,
Namaskar..!

The festival of lights is just around the corner, with which comes the opportunity to augment efforts lighting up not just our own lives but also illuminating the lives of the near and dear ones. Festivities are meant to come together for the cause of oneness, solidarity and peace among the society. At JVM, the celebrations are planned and executed keeping in mind the sustainable development goals to keep everyone in check for their activities that must contribute towards the welfare of people and planet. It was heartening to see the Parents' partnership as invigilators during Half yearly examination, PTA interaction focusing on developmental goals for children and the JVM family participating in Traditional day as silent celebration to mark the upcoming festivities. Special appreciation for the tiny tots and the teachers of ECCE department for promoting the message of safe celebrations through an audio visual presentation. We shall continue striving hard for self-development as well as community service to achieve the overall objective of education. On behalf of the School Management, once again, I extend festival greetings to the students, parents and staff and wish everyone a safe, happy and eco-friendly Diwali celebration.

Regards

Ms. Pallavi Chakkilala
Principal

World Dyslexia Day

World Dyslexia Day is celebrated annually on October 8th as part of Dyslexia Awareness Week, which in 2024 runs from October 7 - 13. This year's theme, "What's Your Story?" emphasizes the uniqueness of each person's experience with dyslexia. The theme's key messages focus on understanding that every story is different, highlighting the importance of early identification and intervention to help people with dyslexia succeed, and reinforcing the idea that it's never too late to change your story. Individuals are encouraged to seek support and start a new chapter in their journey. World Dyslexia Day and Dyslexia Awareness Week aim to raise awareness, challenge misconceptions, and promote a better understanding of dyslexia. The theme encourages people to share their personal stories, both positive and negative, to help others understand the diverse ways dyslexia impacts individuals. Overall, the week serves as a reminder that with early support and the right interventions, those with dyslexia can overcome challenges and thrive, turning their unique abilities into strengths. Through awareness and inclusive education, dyslexia are not a limitation but a different way of thinking and learning.
