From Principal's Desk:

Dear All,

February has been a month of meaningful experiences, fostering growth beyond academics which reflects our school's commitment to holistic education.

Our IAYP students had the distinguished opportunity to visit Mumbai and interact with His Royal Highness Prince Edward. Engaging in insightful discussions, they showcased their achievements and even presented a Mandala art stole, reflecting the school's artistic excellence. Such moments inspire confidence, leadership, and a global outlook—essential qualities in today's evolving world.

The school celebrated Marathi Day with a special assembly honoring Maharashtra's literary and cultural heritage, and Science Day with thought-provoking video screenings on groundbreaking discoveries. These events not only deepened students' understanding but also nurtured their curiosity and appreciation for history and innovation.

Alongside this, we are grateful towards JSWF for conducting a health checkup campaign for JVM children.

As we move forward, such experiences continue to shape our students into confident, compassionate, and inquisitive individuals. I look forward to witnessing their continued progress as they embrace every opportunity to learn, explore, and excel.

Warm Regards,

Ms. Pallavi Chakkilala
Principal

"The Change I see"

The blossom which we see,
 The trees which we observe,
 The sunset we gaze
 And, the pretty moon we adore,
 Are all like the people we see,
 The way they change every time,
 Like the sunset and sunrise,
 These are all nature's valuable prize.
