## **From Principal's Desk:**

**Dear All,**

"Every end leads to a new beginning." As the academic year draws to its conclusion, it is a fitting time to reflect on the journey that students have experienced — a journey marked by both achievements and challenges.

Over the past months, students have faced various situations that tested their abilities. Some moments brought joy and pride, while others demanded patience and perseverance. Each experience, whether rewarding or difficult, has played an important role in shaping their growth. These experiences will not only stay with them but also influence the decisions they make and the goals they set in the coming year.

Learning is not limited to textbooks and classrooms; it also comes from handling real-life situations, overcoming difficulties, and finding ways to improve. The ups and downs students have faced this year have helped them develop essential skills like focus, adaptability, and self-awareness.

We are also grateful towards the parents for their support and understanding towards children and school.

Let us continue to support our students in the academic journey ahead. As Children prepare to step into the next phase of their academic journey, these lessons will guide them in making thoughtful choices, setting clear goals, and working steadily toward achieving them.

Best wishes!

Warm Regards,

**Pallavi Chakkilala**  
**Principal**

# Congratulations!

**Mast. Shivansh Vaidya** from Grade VI of Jindal Vidya Mandir, Kalmeshwar participated in Maharashtra Rajya Balchitrakala Drawing Competition and secured a Merit in District level.

**JVM Students Interact with His Royal Highness, The Duke of Edinburgh Prince Edward**  
 The students were invited to interact with the Duke who was on a visit to promote the benefits of non-formal education.

Student representatives from Jindal Vidya Mandir (JVM) Kalmeshwar were selected for an interaction with His Royal Highness, The Duke of Edinburgh Prince Edward in Mumbai. Prince Edward was on a visit to promote the benefits of non-formal education and to champion the youth through the 'International Award for Young People' (IAYP), also known as 'The Duke of Edinburgh's International Award'.

Students representatives Ms. Ujjv Chaitanya (JVP Bronze and Silver Awardee), Ms. Shagun Mangal (JVP Bronze Awardee), Ms. Anshika Saini (JVP Bronze Awardee), and Ms. Deepa Aggarwal (Award Leader) were invited to interact with His Highness, Prince Edward. During the interaction, the students eloquently shared their award programme journey and spoke to His Highness about 'Karmendri'. This school's startup project which promotes entrepreneurial skills among students.

The school team offered a handmade elder-decorating traditional water seed/bank and met as a token of respect and remembrance. Honoree United Kingdom Prince Edward, who was also in attendance, extended his best wishes to the students for their future endeavours.

Ms. Tani Jindal Shetty, Trustee, Jindal Education Trust, appreciated the school team for this remarkable feat. Mr. Aggarwal, Chairman of the School Management Committee and Head of JMSOCP, commended the school management for their facilitative efforts.

All JVMs under Jindal Education Trust are members of the IAYP programme promoted by the Duke of Edinburgh, United Kingdom. It is a globally recognised non-formal education framework that empowers young individuals to explore their potential and build 21<sup>st</sup> Century skills and competencies.

### A Knowledgeable Person

I feel whether a person is fair or dark, no matter how he is;  
a person is appreciated by the knowledge not by his/her beauty.  
Whether he is the shining star or the dark light,  
the knowledgeable person is like a sunshine.

#### **Trees are similar to a man.**

Why? Because they have the capability to stand upright like a knowledgeable person. Only a well-groomed and educated person has the confidence to speak and is opinionated. It is important to have knowledge and a good personality. Knowledge can be grasped through multiple sources and produced in many ways. The main source of knowledge is our perception, which involves the usage of our senses and presence of mind to learn about the external world. Furthermore, introspection allows people to learn about their internal, mental states and processes. Other sources of knowledge include memory, rational intuition, inference, and testimony. One must always grab and seek opportunities to gain or improvise the knowledge from all walks of life.
