BUILDING SAFETY CERTIFICATE

This is to certify that the building of Jindal Vidya Mandir Salav. Maharashtra (A unit of Jindal Education Trust), JSW Residential Area, at Salav, Taluka-Murud, Dist-Raigad, Maharashtra -402202 has been constructed as per approved drawing of Town and Country planning, Raigad, Maharashtra. Standard structural norms of Civil Engineering have been followed for the construction of said building. This building has been constructed in the year 1995 and the applicable codes in the year 1995 may have been considered for the design.

The construction of building is safe for the education of the children from civil engineering point of view. The tentative life span of the structure can be considered as 40 years from the date of construction of structure (1995).

We certify after surveying the entire constructed building and the structural design that the said building met the BIS structural safety parameters /norms for all situations including natural disasters as applicable and as stipulated under para 6 of structural design of the national building code of India and other relevant codes. Presently the building is found fit for School functioning.

We recommend to carry out the structural auditing of the building at every three years interval and immediately after any natural calamity strikes and hampers the building.

Issued on 04.02.2022 at Salav valid up to 03.02.2025

(Signature of the Structural Designer)
