Subject : Regarding Fire and Safety certificate at the school

Ref :- As per your letter JVMS / 2025-26 / 477

Date 10.01.2026

With reference to your letter submitted to this office regarding the Fire and Safety Certificate for your school, it has been noted that the school has made basic fire safety provisions, such as installation of fire extinguishers and other precautionary measures for emergency situations. Further, for the safety of students and staff, the nearest fire emergency response facility is available at the fire station of JSW Steel Ltd. located at Salav, which is situated approximately within a 2 km radius from the school premises. In addition to the above, in case of any emergency requirement, assistance can also be obtained from the Fire Station of Murud-Janjira Municipal Council, Murud.

You are advised to ensure that all fire safety equipment installed in the school premises are maintained in proper working condition and that staff members are aware of emergency response procedures for the safety of students.

This letter is issued for information and necessary compliance.

Chief Officer

Murud-Janjira Municipal Council
Murud, Dist. Raigad
