**LEAFLET**

***Be strong, but not rude.  
Be kind, but not weak.  
Be bold, but not bully.  
Be humble, but not timid.  
Be proud, but not arrogant.”***

Every day is a special day which starts with new challenges and opportunities. As an Educator, huge responsibility lies on us to build the nation & prepare young minds to be a resource for the world. Present generation is full of energy and their aspiration from the school, society is sky high. It is our responsibility utilize their energy in productive way. Teaching faculty of the school is ready to take on the challenges to prove their mettle but they too need to upgrade their skills for which JET has started ITTA (Integrated Teachers Training Academy at Vijaynagar). Three teachers of JVM Sholtu along with total 80 teachers are currently registered & undergoing 6-months training program. With the help of CoE Kalmeshwar, JVM Sholtu has completed the sessions on 'Career counselling & Stream Selection' for classes VIII-XII. With the help of JET, school has already implemented diverse programs to give much needed exposure to the children beyond the four walls of classroom. To make them future ready citizens, child-centric programs are initiated collectively all across JVM Schools.

Positive feedback from all the stakeholders has proved that children have benefitted a lot from these programs. Most part of the month, has been utilized for academic related activities as Half-yearly exams conducted for the academic year. Few activities under COE & Saturday activity has been conducted wherein children participated as part of Inter-House competition. Due to geographically isolated location of the school, most children of the region has never experienced watching movie on big screen. With the help of Plant Management, a movie 'SHERSHAH' has been screened in the enclosed auditorium for the students of classes V-XII. Valour & courage of Indian Army, shown in the movie, will have long lasting impact on them. Quarterly Leadership Meet (21-24<sup>th</sup> July) attended by school principal at JVM Vijaynagar has helped school leaders to give much needed impetus to the ongoing programs. Brainstorming sessions among the school leaders, encouraging words & directions of Trustee Mrs. Tanvi Jindal will surely take us to the next level.

# Cyber Security Workshop

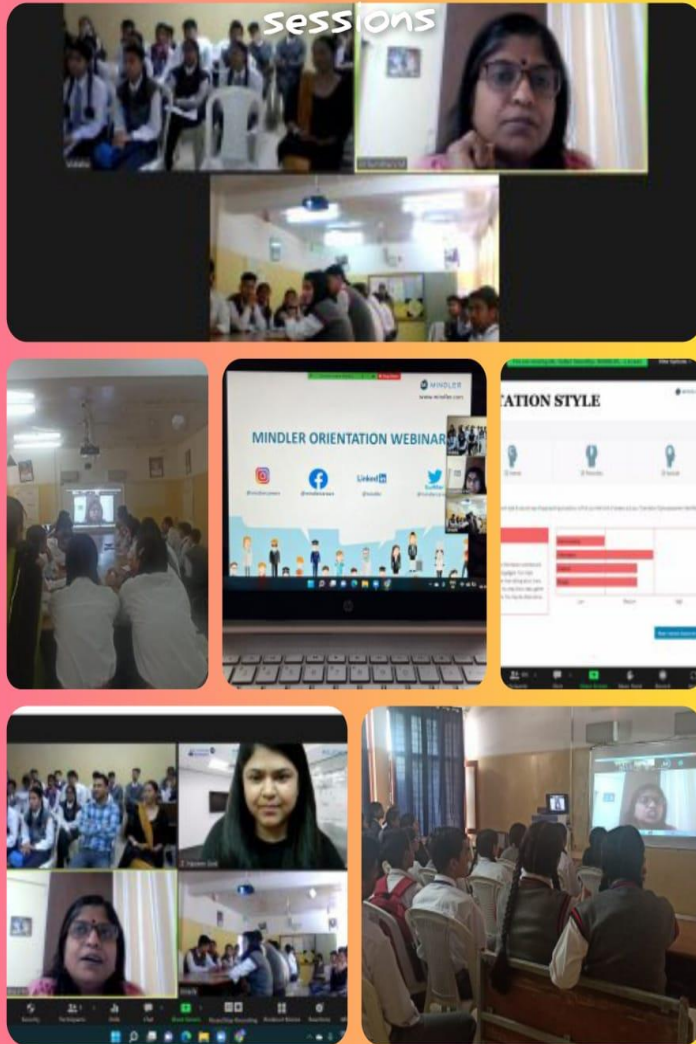

***" \*It is well known fact that prevention is always better than Cure"\****

Last week Cyber Security Workshop was conducted by our School IT Teacher, Mr. Himmat. The teachers were advised to handle their file and passwords carefully. He also demonstrated live hacking and made them aware about various ways like two- step verification, using a strong password, etc. that they can adopt to avoid Cyber Crime. He concluded the session by sharing some tips to protect oneself for becoming a victim. The session created awareness ( and alarm) for the need to exercise caution while using technology. Over all it was an interesting and informative session.

# MINDLER ORIENTATION SESSIONS

## Mindler orientation

JVM Sholtu, in collaboration with Mindler successfully completed two orientation sessions for Grades IX to XII. Wherein it was discussed how Mindler can help in carving their career path and help in stream selection. Mindler, India's leading Career Counselling Firm, focuses on helping students achieve Career Clarity!

A deep dive into exciting career tools like career roadmap and exam corner to equip them for your journey ahead was discussed...

# Term -1 Examination

Examinations are a formal assessment process, where candidates can showcase their knowledge and proficiency in a given subject or topic.

The school conducted its Term-1 Examination for the classes Nur to CI-VIII. It was the time to test the cognitive skills of the students.

A parent Teacher Meeting for classes Nur to XII was held on 23rd of JULY, 2022 to discuss the performance of students with their parents. Parents were given feedback on their ward's performance in Mid - Half yearly Exam 2022.

It was a great interaction between the teachers and the parents for the development of their children where they discussed both the strength and areas of improvement.

# ADIEU PARTY to MR. DESHRAJ

JVM Sholtu staff threw a farewell party to Mr.Deshraj Sir who had served our school as a Shastri for about 5 years and presently has been appointed as Hindi Lecturer in Govt. School.

I prefer a  
hands-on  
experience

## MATHEMATICS- ACTIVITY by CLASS : IX

To verify  $(x+y+z)^2 = x^2 + y^2 + z^2 + 2xy + 2yz + 2zx$  using paper cutting and pasting.

# SCIENCE CORNER

## Methods of Cooking

Class -6 Role Play on different habitats and how people have → adapted themselves to adjust in that habitat. Students got a real feel for what it is like to be in the real situation.

← Students of CI-3 brought different food items to show different methods of cooking food. They brought food items made by steaming, frying, baking etc.

## Role play on Habitat

## Activity on Soil Profile

**Students of CI-VII are performing activity on Soil Profile. In this activity students have to create a desktop soil profile based on the biome region of the Kinnour where our school is located. They explore concepts of layering and different horizons of the soil, each having their own special characteristics.**

Happy  
Saturday

# Rainy season activity: PAPER BOAT MAKING

Origami  
Paper Boat  Making  
On the theme Rainy season

Rainy day is always a fun time for the kids even if it is celebrated in the school. Moreover it makes the school environment light and mesmerizing for these unadulterated souls, such activities assist them to gain confidence. Even the shyest student becomes friendly with everybody in such convenient and child friendly learning environment.

Jindal Vidya Mandir School keeps on concocting innovative techniques and styles with which learning could be made more rewarding and interesting.

The students of Pre-primary classes have made Paper boats with the help of the teacher and sailed in the water. It was a great joy and fun. The kids really had a lovely time with their friends and teachers.

# Toddler Handprint Painting

Toddlers explore their surroundings with fingers and hands, often getting into everything within reach. A hand painting activity is a great way to encourage some hands-on discovery with the added benefit of fine motor and sensory play.

The 'Palm Printing activity' was conducted for CI-1andCI-II.It was an exciting theme based activity for the children. The children dipped their palms in paint and placed the imprints on the paper. The children enjoyed the activity using their creative skills. They also enjoyed playing with colours.

***Ek fouji ke rutbe se bada koi or rutba nhi hota Vardi Ki shaan se badi koi or shaan nhi hoti or apne Desh se bada koi or dharm nhi hota.***

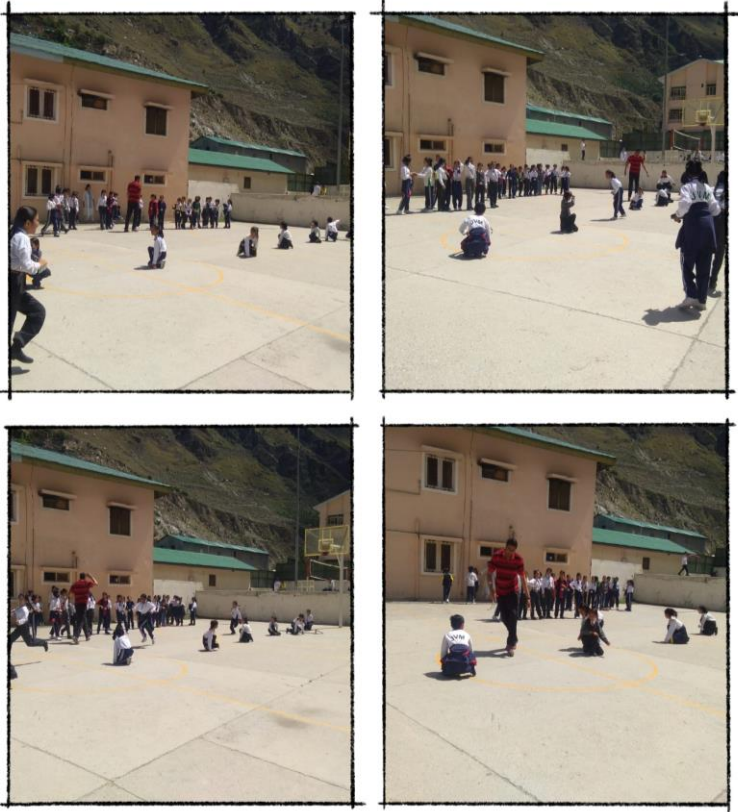

Last Saturday all the students of CI ( VI to XII) were taken to the auditorium to watch a movie " Shershaah". Students watched that movie even without moving and they were greatly inspired by the story of Martyr Vikram Bhatra. The main purpose of showing this movie is to inculcate values, discipline determination, devotion and to give respect to the nation.

# Kho Kho

Kho- Kho is one of the most popular traditional sports in India. On Saturday ( 16-07-22) there was a Kho- Kho match for CI-III & IV girls. The students were very energetic on that day. The game was organised in our school playground. All the players played the match with great zeal. Overall it was a fun filled day for all.

## Mass PT Sitting Exercises

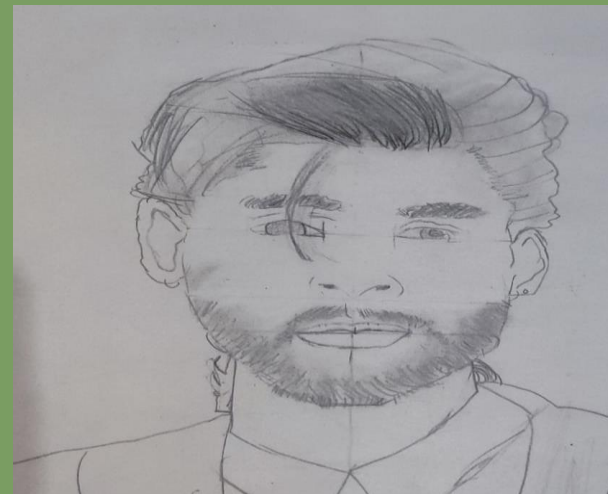

Mass PT has a very important role in a student's life. It is performed for various reasons like strengthening muscles, improving health and also for enjoyment. Keeping this in mind, students of CI-III and CI-IV were asked to perform some sitting and standing exercises on Saturday Activity Day. All the students were very much excited after all this was the time to enjoy beyond the studies.
