Our students are consistently told to have high scholastic expectations and a considerable majority meet or exceed such expectations. Our important decisions are made collaboratively. Space is given to all the stakeholders to raise their voice in constructive criticism.

Scholastic and Co-scholastic resources and learning opportunities are equitably distributed amongst all our students including students with special need. Our students and staff have access to all the support and services that they need for their growth and development.

## **SCHOOL HISTORY**

Jindal Vidya Mandir-Vasind was founded in 1989 under the aegis of Jindal Education Trust. When it was started, it just had three standards and followed the SSC Syllabus. At present, the school has 1700 students on rolls and is affiliated to CBSE-New Delhi. The medium of instruction is English.

JVM is an effort towards providing physical, social, traditional atmosphere and academic environment close to what is available in major cities. The primary aim is to develop students with qualities of integrity, honesty, trust, tolerance and compassion, thereby promoting awareness to foster a scientific temperament within the bond of humanism, helping students to become a meaningful part of their environment and to see that their courage has due rewards.

To promote the qualities of patriotism, the National Festivals are celebrated with great fervour. The school also celebrates the Birth Anniversaries of Great Stalwarts of India and the world with equal zest and zeal.

JVM endeavours to provide highly dedicated and qualified faculty with a wide range of skills and interests, a varied and wide choice of academic activities, aesthetic and athletic environment, enriched with excitement of discovery, challenge, competitiveness and discipline based on the belief that responsibility comes before freedom.

Keeping pace with changing scenario and demand of time, the school switched over to C.B.S.E. curriculum in 2004. Since then the school is growing every year.

The school was accredited with ISO 9001:2000 and the IMC Ramakrishna Bajaj National Quality Award. The school has been awarded the State Gold by the Adhyayan Quality Education Services in January 2017. At present our school JVM, Vasind is ISO 21001:2018 certified.

### **HOME WORK POLICY AND GUIDELINES**

In general, homework is an out-of-class activity/assignment allotted to the students as an extension or revision of classwork.

Here are the top 14 reasons why Homework is important:

1. It improves your child's thinking and memory
2. It helps your child develop positive study skills and habits that will serve him or her well throughout life
3. Homework encourages your child to use time wisely
4. It teaches your child to work independently
5. Homework teaches your child to take responsibility for his or her work
6. It allows your child to review and practice what has been covered in class
7. It helps your child to get ready for the next day's class
8. Homework helps your child learn to use resources, such as libraries, reference materials, and computer Web sites to find information
9. It encourages your child to explore subjects more fully than classroom time permits
10. It allows your child to extend learning by applying skills to new situations
11. It helps your child integrate learning by applying many different skills to a single task, such as book reports or science projects
12. Homework helps parents learn more about what your child is learning in school
13. It allows parents to communicate about what he or she is learning
14. It encourages parents to spark your child's enthusiasm.

#### **Skill development :**

1. Improves memory: While doing homework, students are able to revise all the topics that they learnt in the classroom. This helps in increasing their memory and in honing their learning skill.  
Students learn to make good use of time: Students spend most of their time in completing their homework. This keeps them away from useless activities like spending long hours on television, phone or video games.  
Students become independent: When students do their homework without the help of a teacher or friend, this makes them self-reliant and confident.
2. Students learn responsibility: When students do their homework daily, they understand that completing their homework is their responsibility. This makes them more responsible as a person.

3. Students get ready for next day class: Homework allows students to do some self-study, clear their doubts and this makes them ready for the next class.
4. Students learn to use resources: Students learn to use resources like libraries, the internet, etc., to find the information in order to complete their homework.
4. Allow students to explore subjects: Classrooms are all about listening to the teachers. However, homework allows students to understand the subjects better and explore their interests.
5. Allow parents to involve in studies of their child: Homework allows parents to know what their child is learning and get involve with the child in his/her studies.
6. Improves academic performance: Learning in classrooms is not sufficient to score good grades in academics. Self-study is equally important for scoring high grades. Homework allows students to revise classroom learnings and builds the habit of self-study. This helps them to score better& understand the concept/topic for life time.
7. Increases concentration: While doing homework, students find an isolated place to study where they can concentrate more.
8. Develops essential life skills: While working on assignments, students find a solution to every problem and they even manage to complete the assignment on time. This develops time management skill and problem-solving skill in them.

So, these were some points that clearly show that homework is essential so we understand the significance of homework for students. That is why our mentors give homework to each student. Self-study is also a vital part of students' schedule at JVM VASIND so that they can build their concepts and score well along with gaining skills such as problem-solving, time-management, confidence and a sense of responsibility and develop them holistically.

### **Evaluation of Home work:**

Subject wise group wise monitors were made by respective teachers. Every day the monitor check the home work as per schedule and prepare the chart. The chart will be put -up in the class display board with the permission of the subject teacher.

9. Students suffering from infectious or contagious diseases should be sent to school only after the mandatory period of quarantine is over.
10. Regularly check that all the circulars issued by the school have been received and acknowledged through the Diary.

16. Politeness and courtesy in speech and conduct should be inculcated.

Failure to do so may put their wards to great inconvenience and render them liable to being sent home. Repeated late coming, forgetting to bring books may be punishable in the same way.
22. Giving gifts to any of the school employees either in cash or in kind shall be totally discouraged.
23. Small children should not be entrusted with the payment of fees.
24. Under any circumstances, answer scripts of students for the terminal or final examination will not be returned to parents, private tutors or others.
25. The interpretation of any rule in this prospectus as well as any amendments rests solely and entirely with the Governing Body of the school. This shall be final and binding on the parents /guardians and in no case shall lie in any court of law in respect of the decision.
26. Parents must ensure that their ward is not involved in driving a vehicle which is not permissible by the law. Strict action shall be taken if under-aged students are found to be driving vehicles which are allowed for adults only.
